🏠 REGISTRATION

Easy, flexible forms. Catch the data you need.

The screenshot shows the FOURWAVES registration form builder interface. The top navigation bar includes 'Events', 'About', and 'Create' menus, along with a 'Preview event' button and a user profile for 'Lao Tseu'. The left sidebar contains a 'Configuration' menu with sub-items: 'General Infos', 'Theme & Colors', 'Committee', 'Registration', 'Submission', and 'Payment'. Below this is a 'Custom tabs' section with 'Agenda', 'Data', 'Participants', 'Abstracts', and 'Accounting'. At the bottom of the sidebar are 'Panel tour', 'Help', 'Launch Event', and 'Clone event' options. The main content area displays a form with the following fields: 'First name', 'Last name', 'Email', and 'Affiliations', each with a lock icon and a text input field. Below these is a section titled 'Please select your status:' with three radio button options: 'Student', 'Researcher', and 'Other'. The final field is a checkbox question: 'Will you be at the special banquet?' with 'Yes' and 'No' options.

Create your form easily with a drag-and-drop builder.

Add long/short text answer, multiple choice, checkbox and file upload questions.

Choose the registration period, extend along the way.

Give access to your content before, during and after the event.

Control who can access each abstract.

A BRIEF HISTORY OF FOURWAVES

It all started in 2012. The founders, back then PhD students in bioinformatics, were organizing a large scientific symposium. They realized the endeavor and the lack of proper tools to help them.

They decided to develop their own solution. Everyone loved it. Word-to-mouth led other event organizers to ask for the secret sauce. Fourwaves was born.

The platform is now used in North America and Europe for small and large international events.
