

Call for applications of PhD students – 2024 DDEA Summer School for PhD Students

Created in April 2012 by the Fonds de Recherche du Québec - Santé (FRQS), the **Research network on cardiometabolic health, diabetes and obesity (CMDO)** aims to *Pursue the development of research in cardiometabolic health, diabetes and obesity, translate and mobilize knowledge to promote sustainable health among Quebecers.*

The network is calling on PhD students to take part in the *Danish Diabetes & Endocrine Academy (DDEA) Summer School for PhD Students*, which will take place from **August 26 to 29, 2024 at Sinatur Hotel Gl. Avernæs, Helnæsvej 9, DK-5631 Ebberup in Denmark** (<https://ddeacademy.dk/events/course/ddea-summer-school-on-diabetes-metabolism-and-endocrinology-for-phd-students/>). PhD Student from all regular members of the network are invited to participate in this competition. The objective of this Summer School is to gain knowledge about the newest aspects and developments in the field of diabetes and metabolism at a high level. In addition to attending lectures by leading experts in the field, participants will discuss their own research interests and activities at a high scientific level, meet other PhD students and become familiar with other research projects. The DDEA will cover the local costs (*Summer School registration, meals and accommodation (personal expenses and extended accommodation are not included)*) of the Quebec participants selected by the CMDO Network. The CMDO will pay \$750 per participant to reimburse a portion of the transportation costs. All other costs will be assumed by the participant and/or his/her director.

Deadline for submitting applications is April 24, 2024.

Women, Aboriginal people, visible minorities, ethnic minorities, people with disabilities and people from the 2SLGBTQIA+ community are encouraged to apply. For evaluation purposes, we strive to recruit a diverse committee that reflects the profiles of the applicants and ensure an evaluation process that takes into account the particular situations of the applicants, including atypical trajectories.

The eligibility criteria and the evaluation method are described below. Requests submitted late, incomplete or that do not meet the eligibility criteria will not be evaluated. Selected candidates will be contacted no later than **in may**.

Eligibility criteria:

- 1) To be a PhD student, whose research director is a **regular member** of the CMDO Network. The research director must be a member of the network before applying to the competition.

- 2) To have a research project related to diabetes.
- 3) Excellence and involvement:
 - Have an excellent academic record.
- 4) Demonstrate a motivation to pursue a research career in one of the network's areas of focus: Cardiometabolic Health, Diabetes and Obesity.
- 5) Speak and understand English (conferences and discussions are in English).
- 6) Selected participants will be required to submit a scientific abstract to this Summer School which will take place from August 26 to 29, 2024 in Ebberup, Denmark (deadline for abstract submission: **2 June, 2024**).
- 7) Please note that a PhD student may be a winner for this competition only once. As a result, previous winners cannot participate in this contest. However, nothing prevents them from attending the congress at their expense.

Material required when applying:

- 1) Contest application form – *DDEA Summer School for PhD student* completed online (see below). This document includes the research director's letter of support (*this letter can be included in the form directly or communicated (in PDF format) by email to concours@rrcmdo.ca*).
- 2) *Curriculum vitae* FRQS version (*with detailed contributions section*) of the candidate. Communicate this document directly to concours@rrcmdo.ca.

Application evaluation process:

The executive committee of the network will evaluate all applications submitted. The results of the competition will be announced no later than **in May**.

Any request for additional information may be sent to the Research Network on CardioMetabolic health, Diabetes and Obesity (CMDO), Université Laval, École de Nutrition, email: info@rrcmdo.ca.

1. GENERAL INFORMATION:

Main theme of the candidate's research project (only one choice):

- ☐ Cardiometabolic health
- ☐ Diabetes
- ☐ Obesity

Secondary theme (s) of the candidate's research project (multiple choices possible):

- ☐ Cardiometabolic health
- ☐ Diabetes
- ☐ Obesity
- ☐ Not applicable

In which axis (s) of research is classified the research project of the candidate (multiple choices possible):

- ☐ Fundamental and pre-clinical research
- ☐ Nutrition, Physical Activity and Human Pathophysiology (Clinical Research)
- ☐ Life habits, risk factors and population interventions across life cycles (Population Health)
- ☐ Organization of Care (Health System), sharing and use of knowledge (Knowledge Transfer)

Name of applicant: e.g. BERGERON, Lucien Junior;

max. 100 characters, including spaces.

Affiliation: e.g. Faculty of Medicine and Health, University of Sherbrooke, Sherbrooke.

max. 250 characters, including spaces.

Ongoing studies program (if applicable): e.g. Cell Biology Program.

max. 120 characters, including spaces.

E-mail address: *max. 100 characters, including spaces.*

The name of the research director(s) regular CMDO Network member associated with this application: Ex. CARPENTIER, André and BARNETT, Tracie
